## Articles of Interest

**The Balancing Act**  
by Vanessa Head,  
CCS, P.Log, CSC  
Between managing family responsibilities, raising children, caring for aging parents, and balancing these activities with career demands, the challenges can be ominous. Being able to

multi-task is not a luxury skill, but a necessary one. Logistics is a field filled with opportunity that offers women the chance to expand their skill sets while learning many transferable abilities.

## Books to Read

**Transformational Leadership:** The Enhancement of Employee Commitment and Performance

By Melinda SK Mui  
Most workplace problems are created by a small percentage of people. If these problems are not addressed, a negative culture will develop in

which employees are not satisfied with their jobs. When job satisfaction is low, .... [\(more...\)](#)

## People-on-the-Move

We invite all "People-on-the-Move" to let us know when you are embarking on any new challenges or opportunities, or have an interesting story to share with your colleagues. We want to hear about it. You may be one of the next "People-on-the-Move". Please forward a short synopsis to [bpetrovsky@logininstitute.ca](mailto:bpetrovsky@logininstitute.ca) for review.

**Announcement:** We wish to let our members know that our very own **Karyn Ferguson**, Program Director, has moved on in her career path and has left the Institute. During her 14 year tenure, Karyn guided the Institute

through several major policy and organizational changes that had a major impact on Logistics Professionalism in Canada and worldwide.  
"With Karyn leaving, there is a gap in the Institute's life."

"She was always there – a friend, a colleague, a mentor – committed to the professional community which has come to appreciate her. Karyn will be greatly missed."...

## A penny for your time, a question for interested parties

Does your company use Mid/High End Thermal Transfer Printers that exclusively print self-adhesive barcode labels for tracking products?

If you want to share your thoughts about how to improve these printers and you are interested in influencing future label printing technology,

please complete an on-line [anonymous survey](#) or contact Melisa Lent [lent@it-strategies.com](mailto:lent@it-strategies.com) to schedule a phone interview.

Qualified phone interviews may receive compensation for their time. \*
